DETAILED ACTION

Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - Claims 1-13 and 18, drawn to a method of making of asymmetric methacrylate crosslinking agent, classified in class 549, subclass various.
 - II. Claims 14-17, drawn to a polymethacrylate compound , classified in class526, subclass 319+.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I and II are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions a method of making an asymmetric acrylic compound that involves reacting an acrylate having one acrylic group with methacrylic anhydride, in other words performing a substitution reaction is not essential for a polymer comprising a resulting product of such reaction, therefore, these inventions are not disclosed as capable of use together and as seen have different modes of operations, different functions and different effects.

- 3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
- 4. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.
- 5. A telephone call was made to Mr. Koschmeider, PhD on 12/16/2002 to request an oral election to the above restriction requirement, but did not result in an election being made.
- 6. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
- 7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tatyana Zalukaeva, Ph.D whose telephone number is (703) 308-8819. The examiner can normally be reached on 9:00 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on (703)308-24-50. The fax phone numbers for

the organization where this application or proceeding is assigned are (703) 872-9310 for regular communications and (703) 872-9311 for After Final communications.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0651.
